

Accessing Family Portal

FACTS SIS Software gives you, the busy parent, an opportunity to get more involved in your child's academic progress and future success – all via the internet!

FACTS SIS Family Portal is a private and secure parents' portal that will allow parents to view academic information specific to their children, while protecting their children's information from others. You may view your child's grades, attendance, homework and lunch menu, as well as other useful school information.
